

**Designed and Developed by
Prof. Craig Blewett**
(PhD Education Technology)
and his highly qualified EdTech Team

60 + HOURS of self-paced, online, active learning to **transform your teaching** from old-school passive, to active and connected.

This research-proven **TEACHING WITH TECHNOLOGY COURSE** will activate your teaching and enable your **digital connected classroom**.

How-to videos, best practices, digital tools and insightful tips for effective **21st century teaching**.

ACTIVE BLENDED LEARNING MICRO DEGREE

USING THE FIRST TAXONOMY OF TEACHING AND LEARNING, THE ACTIVE BLENDED LEARNING MICRO DEGREE EXPLORES FIVE DIGITAL AGE PEDAGOGIES THAT EMPOWER TEACHERS TO TEACH EFFECTIVELY IN THE 21ST CENTURY

UNIQUE TRAINING ON ACTIVE BLENDED LEARNING FOR TEACHERS

Unlike most "Teaching with Technology" courses, this series of courses is based on a framework of digital-age pedagogies. Using the **research-supported ACT pedagogy framework**, you are shown **how to easily and effectively apply a range of technologies to your teaching**. In addition to learning how to **apply many freely available tools for teaching**, you will also **develop lesson plans** for each of the ACT pedagogies. This means that at the end of the courses you are **ready to practically apply what you have learned**. The micro-degree consists of 7 modules:

Introduction, Curation, Conversation, Correction, Creation, Chaos, Assessment

PROVEN TRACK RECORD

More than 50,000 students have completed Dr Blewett's courses.

RESPONSIVE DESIGN

Learn on any device, whenever and wherever you want. The course is self-paced.

HIGH COMPLETION RATE

Participants are motivated and encouraged with the active learning approach and support.

ACTIVATED LEARNING

Research supported, active connected teaching approach ensures high engagement and excellent results.

CERTIFICATION AND ACCREDITATION

All students receive a certificate on completion that entitles them to Activator member status of the Academy.

PAST STUDENT REVIEWS:

"I feel like your course has provided me with tools and skill some teachers haven't learned in 25 years of teaching!!" The course has been a renaissance for me!" (Wendy, High School Teacher)

"The way you have formulated the pedagogies and how they will work together to aid in holistic learning is genius." (Nathan, Primary School Teacher)

COMPLETING THIS COURSE WILL HELP YOU

- ✓ Understand how to be an effective online teacher (and learner).
- ✓ Understand the importance of using appropriate pedagogies for technology-based teaching.
- ✓ Understand the affordances that technology brings to teaching
- ✓ Learn to shift from *low* activated teaching to a *high* activated teaching.
- ✓ Discover how to use the exciting pedagogy of curation
- ✓ Experience the impact of shifting to Socratic 2.0 (conversation) learning.
- ✓ Discover how to use 4 types of conversation for activated teaching.
- ✓ Learn how to teach with mistakes using the pedagogy of correction
- ✓ Face the fearsome Blank Effect and learn the power of creation
- ✓ Experience first-hand the impact the creation pedagogy has on learning.
- ✓ Understand the impact the internet's content-overload is having on us.
- ✓ Understand the importance of cognitive connections in deep learning.
- ✓ Learn about the importance of a shift towards a quantum classroom.
- ✓ Learn and experience a range of free tools that support the ACT pedagogies of curation, conversation, correction, creation, chaos.
- ✓ Develop your own Activated Lesson Plans so you can hit the ground...activated!

ON TOP OF THE COURSE, YOU WILL ALSO RECEIVE ACCESS TO THE FOLLOWING

ACT Lesson Plans

A repository of 100's of pedagogy-based lesson plans. Here you can share your lesson plans and find ready-to-go lesson plans to use in your teaching.

ACT Toolbox

This is where you find the "How To" guides. You can easily search for lessons on tools or topics. You can also browse by category, plus you can leave comments.

ACT Forum

An open forum for conversations around teaching with technology, connecting you with educators around the world.

ACT Tools

This is where members share great tools they have found - but more than this, they are also linked to the ACT pedagogies and how you can use them.

Digital Age Teaching Glossary

A glossary of words that you will find used in the various ACT courses. This makes it easier to remember what various tech/ education words mean.

WHO IS THIS MICRO-DEGREE FOR?

The Active Blended Learning micro-degree is ideal for educators (teachers, lecturers, trainers) who are looking for approaches and tools to enable effective blended learning. The focus of the course is on in-class, blended learning, however, the content can equally be applied to online teaching and learning. The course assumes no prior understanding of blended learning approaches or tools.
