This research proven **TEACHING WITH TECHNOLOGY COURSE** will transform your training into a **world leading effective approach.**

30+ HOURS of self-paced, online, active learning to **transform your TEACHING/LECTURING/TRAINING.**

How-to videos, best practices, digital tools and priceless tips for effective **21st century teaching teaching.**

Designed and Developed by Prof. Craig Blewett
(PhD Education Technology)
and his highly qualified EdTech Team

ACTIVE CONNECTED TEACHING COURSE

BANISH 'BORED-ROOM' TRAINING BY DISCOVERING THE RESEARCH-PROVEN APPROACHES AND EASY-TO-USE TOOLS TO BRING YOUR ONLINE, AND IN-PERSON TEACHING INTO THE CONNECTED ERA.

SPECIALIZED TRAINING FOR CORPORATE TRAINERS AND LECTURERS

The **ACTIVE CONNECTED TEACHING** course takes educators on a **journey from Education island to the new e-Education island**. Here educators will learn about the two sides of the island – the Digital Zone and the **Connected Zone** and why it is critical that we learn to teach in the Connected Zone. By being introduced to the ACT (Active Connected Teaching) pedagogies, **educators are given a bridge to help transition to become effective, engaging, teachers.** The course is packed with many examples of **free tools** that can be used to support Connected-era teaching and learning allowing educators to chart their own course towards **effective 21st-century teaching.**

Click to Learn More

PROVEN TRACK RECORD
More than 50,000 students have taken Dr Blewett's online courses.

ACTIVATED LEARNING
Discover e-Education Island and discover why simply using tech in training is not the solution.

RESPONSIVE DESIGN
Learn on any device, whenever and wherever you want. The course is self-paced.

CERTIFICATION
All students receive a certificate on completion that entitles them to Activator member status of the Academy.

HIGH COMPLETION RATE
Participants learn while experiencing the ACT approach to teaching which results in high levels of engagement and completion.

"We might have a outbreak of blended learning ACTivists in the law school soon! Apparently it's infectious!!" (Prof Bosch,)
"(This) has provided me with tools & skill some teachers haven't learned in 25 years!!" - Wendy, Teacher (High School)
"This (course) combines inspirational guidance, technical skill development and personal empowerment in using technology to enrich learning. (Prof. McArthur)

COMPLETING THIS COURSE WILL HELP YOU

✓ **Experience the pedagogies of curation, conversation, correction, creation, and chaos and how they activate teaching and learning.**

✓ **Become an ACTive learner and teacher/trainer.**

✓ **Understand the lie of the land of our new e-Education "island".**

✓ **Understand the important difference between teaching in a 3rd EdTech (Digital) Revolution way and a 4th EdTech (Connected) way.**

✓ **Experience and learn to apply a range of digital technologies to support active self-paced and teacher-led learning.**

✓ **Learn how to make live online teaching engaging and active.**

✓ **Learn how to teach with mistakes using the pedagogy of correction**

✓ **Discover how to use 4 types of conversation for activated teaching.**

✓ **Experience first-hand the impact the creation pedagogy has on learning.**

✓ **Learn and experience a range of free tools that support the ACT pedagogies of curation, conversation, correction, creation, chaos.**

✓ **Develop your own Activated Lesson Plans so you can hit the ground...activated!**

ON TOP OF THE COURSE, YOU WILL ALSO RECEIVE ACCESS TO THE FOLLOWING

ACT Lesson Plans
A repository of 100's of pedagogy-based lesson plans. Here you can share your lesson plans and find ready-to-go lesson plans to use in your teaching.

ACT Toolbox
This is where you find the "How To" guides. You can easily search for lessons on tools or topics. You can also browse by category, plus you can leave comments.

ACT Forum
An open forum for conversations around teaching with technology, connecting you with educators around the world.

ACT Tools
This is where members share great tools they have found – but more than this, they are also linked to the ACT pedagogies and how you can use them.

Digital Age Teaching Glossary
A glossary of words that you will find used in the various ACT courses. This makes it easier to remember what various tech/education words mean.

WHO IS THIS COURSE FOR?

The Active Connected Teaching course is ideal for educators (teachers, lecturers, trainers) who are looking for approaches and tools to activate online teaching. While the focus of the course is on online (self-paced and live) teaching, the content can equally be applied to blended learning situations. The course assumes no prior understanding of online teaching approaches or tools.
